

DLG-087 Tactical Stock

Features

- **Perfect buttstock replacement for mil spec rifles.**
- **It is a drop-in replacement buttstock for rifles using mil spec sized receiver extension tubes.**
- **This collapsible buttstock offers better feel and comfort.**
- **Sleek design with QD loop base.**
- **Comfortable built-in rubber butt pad mitigates recoil and provides positive shoulder purchase to prevent slippage even with body armor or modular gear.**
- **Unique latch mechanism, first click for retraction and second click for demounting.**
- **The unique design creates an anti-rattle friction fit that prevents unwanted movement along the buffer tube.**
